

PP75

Hans Wegner, 1982

Description

PP75 extending round table by [Hans Wegner](#) for [PP Mobler](#).

Wegner maximised the knee legroom available by joining the 4 table legs at the centre of the round top. Each leg is then supported by steel stretchers that turn into strong triangular formations within each stretcher and between the stretcher and the wooden leg.

This light yet strong construction supports an extension by separating the two halves of the round table top.

Extending round table available in two sizes. 120 cm dia has extension of 105cm, and 140cm dia table has the extension of 125cm. Leaves are to be ordered with the table if required, or alternatively the table can be ordered with the table top in one piece, without extension. Leaves available as veneered wood in the same finish as the table or as solid wood, again with the same chosen finish as the table.

Available in oak or ash in the following finishes: soaptreated, clear bio oil, white bio oil, lacquered.

Dimensions

pp75/120: 120cm dia x 72cmh
pp75/120 leaf: 50cm length
pp75/140: 140 cm dia x 72cmh
pp75/140 leaf: 60cm length
