

Wooden Robin

Mikael Nilsson,

Description

Wooden Robin by [Mikael Nilsson](#).

Capturing the essential character of a much-loved native bird, these wooden robins are hand-carved from limewood using an axe and knife. They are then stained and painted and posed on feet made of fine twisted wire to create remarkably expressive bird-like forms.

Use as a characterful Christmas ornament or simply enjoy as a captivating decorative object throughout the year.

Born in Linköping, Sweden in 1972 Mikael studied Handicraft and Culture at Linköpings University. "I try to give each figure a personality, express a feeling, motion, gesture," he says.
