

# Turn mirror

Line Depping, 2017

## Description

Turn mirror by [Line Depping](#) for [Skagerak](#).

The Turn mirror has a simple yet striking form. The mirror's wooden frame is created by bending a single strip of ash so that it encloses the glass in a form that evokes a water droplet, a tennis racket or an old-fashioned snowshoe.

The point where the ash strip meets becomes the suspension point, allowing the mirror to be hung on the wall.

Available in natural ash frame and mirrored glass.
