

Egyptian chair

Finn Juhl,

Description

Egyptian chair by [Finn Juhl](#) for [Onecollection](#).

The Egyptian chair was first exhibited at the Cabinetmaker's Guild Exhibition in 1949 alongside the Chieftain chair. In its design, Finn Juhl drew inspiration from ancient Egyptian art, culture and weaponry. Combined with its unmistakably modern Danish feel, the Egyptian chair is a characterful and elegant side chair.

Made of walnut, oak, or teak in natural finish.

The seat and back are available upholstered in a range of fabric and leathers. Please click on the fabric name below for images and fabric codes. When placing an order, please specify both the fabric name and number in the text box above.
