

Floating Leaves

Moebe, 2017

Description

Floating Leaves by [Moebe](#).

Founded by cabinetmaker Anders Thams and architect Martin D. Christensen, Moebe is a Copenhagen-based design studio specialising in simple, honest and intuitive products for the home with a strong Scandinavian grounding.

Created especially for the Moebe Frame, Floating Leaves is a collaboration between Moebe, [Norm Architects](#) and Paper Collective. High-resolution images of leaves are printed onto transparent film using a special technique that preserves the clarity of the image. The foliage looks to be suspended within the frame in a visual nod to the age of botanical sampling and illustration.

Three leaf designs to choose from. See images for print numbers.

Available with or without oak frame, in A4 or A5 size.

Consisting of only the essential elements, the paired down [Moebe frame](#) simply slots together. Four pieces of oak wood hold two pieces of Plexiglas in place with a rubber band to create a minimal frame. This design may be purchased separately [here](#).

Dimensions:
A5 15w x 21cmh
A4 21w x 29.7cmh
