

Concrete doorstop

Wild & Wood,

Description

Concrete doorstep by [Wild & Wood](#).

A simple and striking doorstep cast in concrete with a columnar form and a leather thong handle for portability. The concrete lends a contemporary utilitarian appearance to a traditional home accessory.

The concrete surface is treated with beeswax for a smooth and tactile finish that preserves the appealing surface texture and colouring of this material.

Please note that due to the nature of the material used, each concrete doorstep may differ slightly in tone and finish. Images are representative only.
