WOODENLAND
WOODENLAND

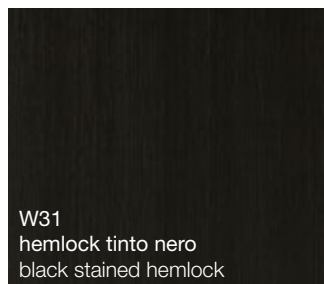

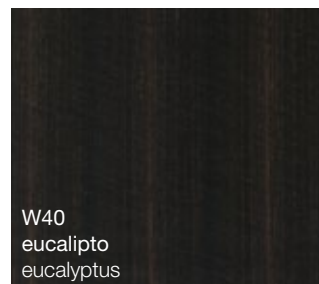

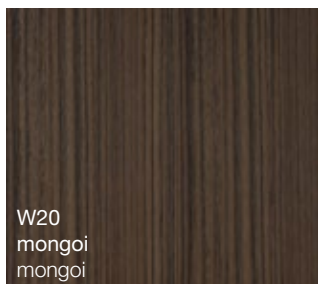

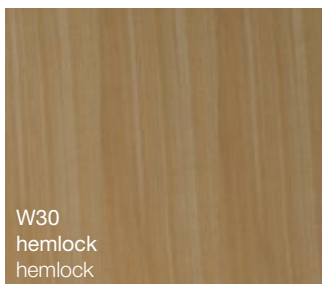

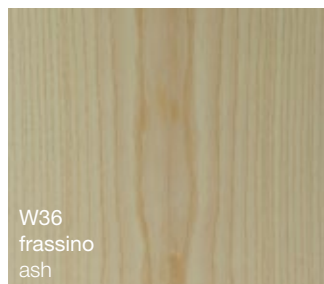

La collezione di 18 legni Woodeland amplia la proposta di finiture in diversi pezzi della Collezione.

Eventuali irregolarità cromatiche e nel disegno delle venature sono da considerarsi un pregio legato alle caratteristiche proprie del legno, un materiale naturale, e all'artigianalità del processo di lavorazione.

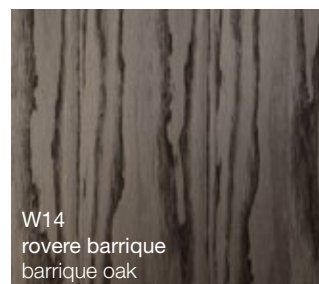

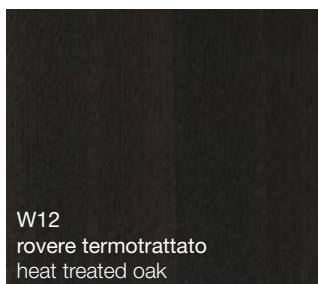

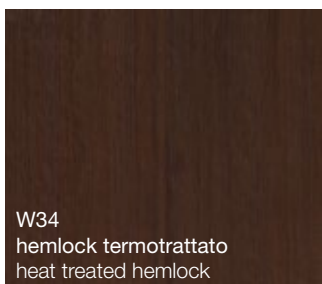

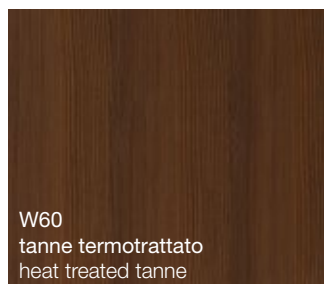

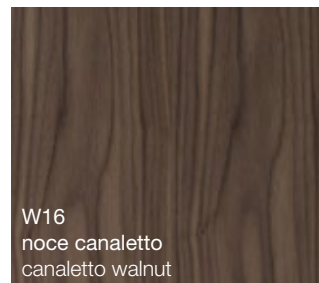

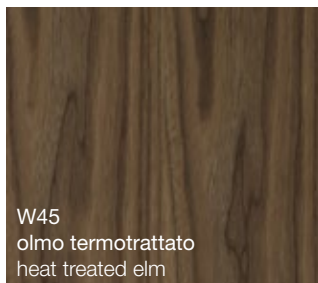

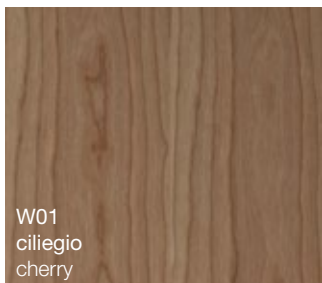

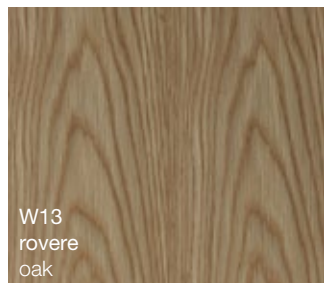

The 18 wood collection, named Woodenland, widens the proposal of finishes in many pieces of the Collection.

Any colour differences and irregularity in the veins should be considered as a value and specific characteristic of the wood, a natural material, and the result of a fine workmanship process.

LEGNI WOOD

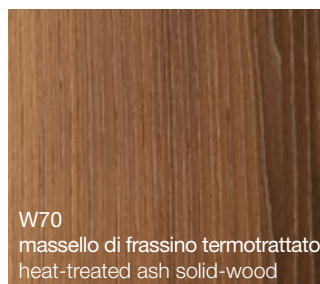

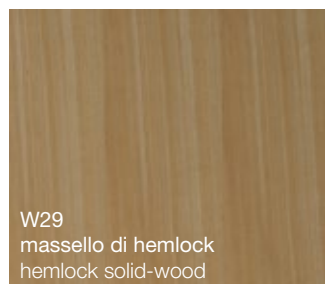

Tavoli, sedie e complementi sono caratterizzati anche da legni massello e altri tipi di tranciati, elencati di seguito.

Eventuali irregolarità cromatiche e nel disegno delle venature sono da considerarsi un pregio legato alle caratteristiche proprie del legno, un materiale naturale, e all'artigianalità del processo di lavorazione.

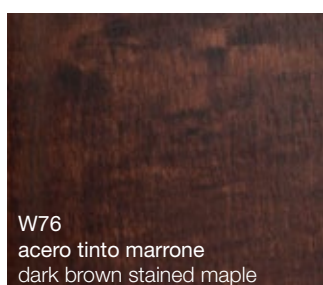

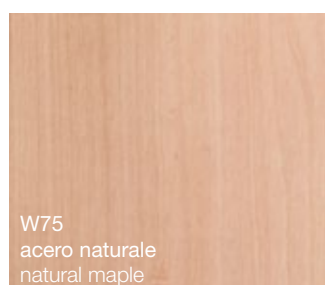

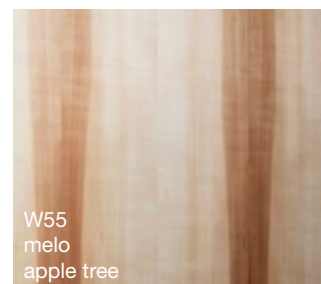

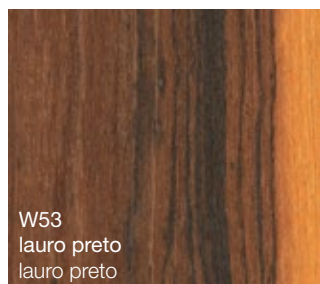

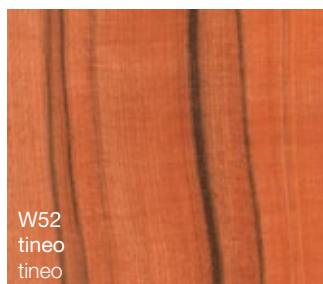

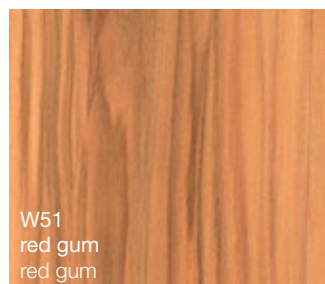

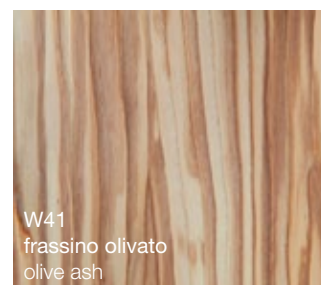

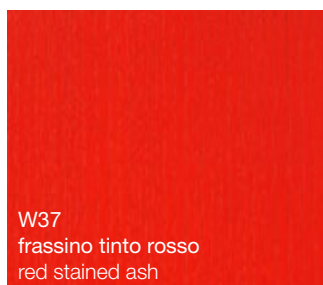

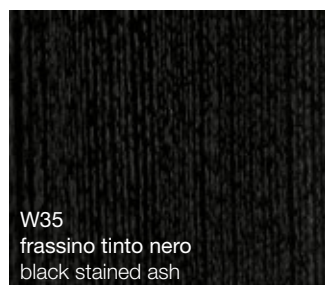

Tables, chairs and complements are also made by solid-wood and other veneer wood.

Any colour differences and irregularity in the veins should be considered as a value and specific characteristic of the wood, a natural material, and the result of a fine workmanship process.
