

Petite Applique Antony

Serge Mouille, 1953

Description

Antony wall lamp by [Serge Mouille](#) for [Serge Mouille Editions](#)

Petite applique de chevet Antony was originally designed as a bedside light to equip the dormitories at Antony Hall, Cité Internationale Universitaire de Paris. Ideally situated next to a headboard or desk, the lamp features a mussel-shaped shade that can articulate in a 270° rotation, attached to an angular, rotating arm.

The wall lamp features Mouille's signature use of refined lines, six-sided hardware and the brass swivel connector, joining the arm to the diffuser.

The Antony wall light has a switch on top of the shade and is cabled through the bracket directly into the wall. Please enquire [here](#) for alternative switch and cabling solutions.

Available in black or white lacquered aluminium and steel with brass ball joints. The interior of the shade is glossy white.

Bulb (included): E14 base; 42W max - 230V, 50Hz

Delivered with a certificate of authenticity, each lamp is stamped and numbered.

Made in France.
