

Vessels Tea Cup

studio vit, 2018

Description**Vessels Tea Cup** by [studio vit](#).

Vessels is a delicate collection of tableware by Studio Vit. The refined family of cups and glasses are all unique, each piece a different shape and size but unified in their modest elegance and the thinness of the crystal glass and bone china.

The considered form of the teacup sits comfortably in your hands, its delicacy emphasises a sense of closeness to the liquid, while the intimate drinking experience offers a quiet moment of reflection.

The teacup is made of bone china with a soft speckle, reminiscent of eggshell.

As each piece is handmade, there are very slight variations in shape and thickness, enhancing their individuality and charm.

The teacup is glazed inside and naturally free from toxins. Please note the outer is not glazed, remove any drips immediately to avoid staining.

Handmade in the Netherlands.

Care: Hand washing is recommended due to the fine nature of the vessels.
