With a clear sculptural language, the Fiber seating collection refuses to compromise on comfort. Stripped of all unnecessary layers, the chair is left with a seat, back and armrests all integrated to form one harmonious shell.

The form marries soft curves with an environmentally friendly wood fiber composite which gives a distinctive tactile texture while also keeping it 100% recyclable.

Wood and plastic composite shell with powder-coated steel base. This version with ochre seat and black frame.

Five available.
