Brooklyn-based designers Fredericks & Mae have produced a set of notecards that double as masks, making a playful and ingenious stationery set.

Each notecard is die-cut and printed to suggest the stylised face of a different creature. Holes for string or elastic ensure each can be worn after it has been read.

Use as party invitations, wall decorations or simply to send a message to a friend.

12 cards (two of each design), presented in a box with envelopes.
