

Frame aluminium

Moebe,

Description

Frame designed by [Moebe](#).

Founded by cabinetmaker Anders Thams and architect Martin D. Christensen, Moebe is a Copenhagen based design studio specialising in simple, honest and intuitive products for the home with a strong Scandinavian grounding.

Consisting of only the essential elements, the pared back Moebe frame simply slots together. Four pieces of aluminium hold two pieces of plexiglass in place with a rubber band to create a minimal frame. Frame a special print or press ephemera in the double-sided design.

Available with a powder-coated finish in deep red or petrol blue, with acrylic glass and matching rubber band.

Also available in oak [here](#).

Dimensions:
