

Arnoldino stool

Martino Gamper, 2018

Description

Arnoldino stool by [Martino Gamper](#).

The Arnoldino stool joins Martino Gamper's Circus collection. The rotation moulded, stackable stool is now available in smaller proportions, perfect for children to sit on. The light, versatile design can also function as a bedside table or provide practical storage for a child's room.

The original Arnold Circus stool was designed by Gamper in 2006 as part of Arnold Circus area regeneration in Shoreditch, London. The stool is still used as the official seating for annual events.

Available in blue, zinc yellow, white ivory or orange.

Please note that due to the rotation moulding process used, slight surface imperfections may be evident. Made from 100% recyclable polyethylene plastic.

Dimensions:
38w x 28d x 31cmh
