Ex-display item reduced by 25%

£2880 -25% now £2159

This item is a one-off clearance item to be sold on a first order, first served basis.

Decorative LED lamp from Moooi inspired by the Heracleum Plant.

'Leaves' play out from 'stems' creating a very technical but natural structure. This pendant light design is created by using the technique of coating conductive layers which would not be possible with normal wires.

The Heracleum 'leaves' are not frozen in one position. They can be freely re-positioned by rotating them around their stem. Heracleum includes a new LED which is much more efficient while providing unique and sparkling illumination.

Metal wire frame available in a copper finish (see images), polycarbonate lenses.

Dimmable, 63 LED's.

Dimensions

98dia x 65cmh
