This item is a one-off clearance item to be sold on a first order, first served basis.

In this range of elegant pendant lights, designer Federico Palazzari brings technological innovation to the fore. The extruded aluminium ring houses an integrated linear LED which casts a diffused downlight into the space it occupies. The unbroken ring of light is made possible through a unique coupling system, and the strong yet subtle cables on which it hangs adds to its sense of lightness.

Available in polished aluminium finish.
