This item is a one-off clearance item to be sold on a first order, first served basis.

Noctambule is a new collection of sculptural blown glass lamps from Flos. Noctambule consists of glass modules that can be combined in a range of configurations to make up suspension and floor lights. The glass modules are held together by a stripe of LEDs. Up to six elements can be combined to create an impressive column of light.

The glass modules are either cylindrical, cone-shaped or semi-spherical, made of transparent blown glass. Connector ring in die cast aluminium with an internal arm in hydro formed steel, the connector ring is covered with injection moulded optical opal silicone that acts as a diffuser.

The Noctambule Suspension 1 Low lamp consists of a semi-spherical and a cylindrical glass module, reaching the length of 75cmh excluding the 400cm suspension power cable. Please see pdf in 'Product downloads' to view the entire Noctambule range.

Please contact our showroom to order a different configuration [here](#).
