

Chouchin pendant light

Ionna Vautrin, 2011

Description

Chouchin pendant light by [Ionna Vautrin](#) for [Foscarini](#).

Chouchin is a collection of three modern suspension lights made of blown glass of various shapes, sizes and colours. It includes three shapes, each with its own colour.

The lacquered glass screens the light completely and therefore the main body spreads light only where it is not coloured, through the white collar. It emits a very warm, gentle glow and a direct, strong, concentrated light.

Canopy decentralisation kit - [multiple canopy available](#) (up to 6 suspension lamps). Please enquire for more information and prices.

Bulb:
21W E27 2700 K
