

# Steelwood shelving

Ronan & Erwan Bouroullec, 2009

## Description

**Steelwood shelving** by [Ronan & Erwan Bouroullec](#) for [Magis](#).

As the name suggests, Steelwood combines solid beech with steel. With every joint and component clearly visible, Steelwood brings an industrial essence to any given space. The modular design allows for a variety of configurations. Build up a combination of units to create a contemporary library wall or useful shelving in an office environment.

Solid beech frame (uprights and crosspieces) available in natural or powder coated finish; powder coated steel joints, painted mdf shelves.

Price shown for individual 2, 3 and 4 shelf modules. [Please enquire](#) for more information.
