

Pestle and Mortar

Robert Welch,

Description

Pestle & mortar by [Robert Welch](#).

Cast iron pestle and mortar that incorporates an elongated pouring channel.

Quintessentially British, Robert Welch (1929-2000) remains one of the UK's most iconic designers to date. Producing some of the most classic and sustainable pieces of our time including the Avon cutlery set and Chantry knife sharpener, his designs are characterised by their unison of function and timeless form.

Dimensions

14w x 10d x 6cmh

Care instructions:

To prevent the cast iron from rusting, always dry the mortar and pestle thoroughly after washing. A layer of vegetable oil can be applied to the cast iron at regular intervals to further protect the metal against corrosion.

In the instance of rust developing on this product, simply clean it back to the original metal, apply a layer of vegetable oil, and place in a high-heat oven. Allow to cool before removing. This process will coat and re-season the metal.
