

Kupu smoke alarm

Harri Koskinen, 2010

Description

Kupu smoke alarm designed by Harri Koskinen for Jalo Helsinki.

The Harri Koskinen smoke alarm for Jalo is easy to use and provides a sensitively designed solution to an everyday product. This product was awarded a Red Dot design award in 2011.

Kupu is a photoelectric smoke alarm. The whole external casing acts as a press switch for silencing false alarms and testing the performance of the product. Installing takes mere seconds with 3M tape, no need for screws or a power drill.

Available in white and dark grey.
