

# HAL Ply Tube chair

Jasper Morrison, 2012

## Description

**HAL Ply Tube chair** by [Jasper Morrison](#) for [Vitra](#).

With HAL, Jasper Morrison has created a new interpretation of the multifunctional shell chair, as well as a broad chair range with a distinct, contemporary look. The shape of the HAL shell provides plenty of freedom of movement and is slightly yielding to permit a number of seating positions - including sideways and astride - to ensure a dynamic and ergonomic posture.

The variety of bases, materials and colours in the HAL range enable a range of possible combinations that can be used for many different purposes both in the office and public spaces as well as at home.

HAL Ply Tube has a four-legged base in tubular steel, non-stackable, which is chrome-plated or powder coated in ivory or basic dark.

Shell in plywood available in natural or dark oak with a protective varnish, or walnut black-pigmented.

Glides for hard or soft floors.

Dimensions:  
47w x 49.1d x 43/79.4cmh

**Product code**  
VIT-44022100

**Delivery**  
Made-to-order: 6-8 weeks

**Price**  
£360.00
