

# Village

Claesson, Koivisto & Rune, 1999

## Description

The Soundwave series of sculptural wall panels combines functionality and aesthetics and is specifically designed to enhance the acoustic properties of any interior used for human communication and social interaction. While most acoustic products are concealed in the fabric of the interior, Soundwave resembles 3D wallpaper.

Village is designed to be used as lightweight sound absorbers in the upper frequency range (500 Hz and above). These panels help reduce disturbing reflections of environmental sounds such as voices, telephones etc.

Colours available are off-white, grey and anthracite.

Dimensions  
58.5w x 8d x 58.5cmh

## Product code

OFF-59009\*

## Delivery

Made-to-order: 4-6 weeks

## Price

£135.00
