

Gueridon Bas table

Jean Prouve, 1944

Description

Gueridon Bas table by [Jean Prouve](#) for [Vitra](#).

In the early 1940s Jean Prouvé turned his attention increasingly to wood as a material. In the case of the Guéridon Bas coffee table a sturdy top is positioned on three solid oak feet. The elements are connected to each other by means of a folded sheet metal construction.

Solid wood table top and legs with oiled finish, available in natural oak, smoked oak or american walnut. Smooth powder-coated metal connecting element in deep black.

Dimensions
79.8dia x 34.6cmh
