

HAL Tube chair

Jasper Morrison, 2011

Description

HAL Tube chair by [Jasper Morrison](#) for [Vitra](#).

Jasper Morrison's HAL seating family reinterprets the multifunctional shell chair and provides a varied range of chairs with a distinctly contemporary appearance. The shape of HAL's shell ensures plenty of freedom of movement and the slightly flexible plastic makes many different sitting positions possible, including sitting sideways and even astride the chair.

HAL facilitates dynamic, ergonomic seating. The selection of bases and shell colours offers an exceptionally a wide range of choices, ensuring HAL can be used in all kinds of environments - in the office, as well as in public spaces and in the home.

Dyed-through polypropylene shell available in basic dark, white, ivy, ice grey, brick, warm grey, chocolate and orange. See downloadable product information for an indication of shades.

Non-stackable tubular steel base available chromed or powder-coated basic dark or ivory. Powder-coated versions are suitable for outdoor use.

Please note that **Hal Tube Stackable** is available as a Quickship product with a lead-time of 2-3 weeks.
