

Fun 8DM pendant light

Verner Panton, 1964

Description

Fun 8DM pendant light by [Verner Panton](#) for [Verpan](#).

Striking hanging pendant lamp with one large cluster of mother of pearl discs attached by chains of small metal rings.

Panton was often inspired by nature and this design employs natural mother of pearl to great effect.

The myriad pearlescent discs give a warm light and cast a delicate shifting pattern of reflected light on surrounding surfaces.

In addition, a gentle crystalline sound is emitted when the hanging discs are stirred by a soft draught.

Use it as a prominent and inspiring part of your interior design.

The light is mounted on a white mdf ceiling plate.

Dimensions:
100dia x 200cmh

Weight: 75kg

Bulb: 220V E27 3 x max. 60W
