

Grid ceiling light

Front, 2012

Description

Grid ceiling light by [Front](#) for [Zero Lighting](#).

This ceiling light is the most recent addition to the highly successful Grid lighting system. Grid lights are formed from industry standard sheet metal with different hole formations: either perforated metal with square holes or expanded metal.

Grid has an attractively industrial raw finish with welding marks visible through the transparent varnish.

Available in the following colours: yellow, orange, clear painted metal or transparent gold varnish.

Light sources:

IP20 25/28/50/54W T5 HF L1250.

IP20 25/28/50/54 T5 HFF L1250 (dimmable).

Available in both dimmable and non-dimmable versions.

Dimensions:

9.6w x 9.6d x 125cmh
