

# Opala floor light

Hans Wegner,

## Description

**Opala floor light** by [Hans Wegner](#) for [Pandul](#).

The Opala floor light was one of three Opala lamps originally designed for Hotel Scandinavia in Copenhagen. The pendant was sold for many years both for offices, public buildings, private homes, and large projects like the Churchill College in Cambridge designed by architect Henning Larsen.

Shade manufactured in impact-resistant, opal high-gloss acrylic, top in wet painted aluminium, stand in high gloss chrome, base in wet painted solid steel. The impact-resistant acrylic shade contains rubber, ensuring it gives out a warm glow regardless of the bulb used.

Available in black or white.

Dimensions:

Midi 25.7dia x 42.5w x 136cmh 240cm cord

Maxi 25.7dia x 52w x 142cmh 240cm cord

Bulb:

Max. 60W golf ball bulb or similar fluorescent

Standard model equipped with dimmer switch on cord. Non-dimmable switch available upon request for use with fluorescent bulbs.
