

Bulb pendant

Sofie Refer, 2006

Description

Bulb pendant by [Sofie Refer](#) for [andtradition](#).

With Bulb, danish light artist Sofie Refer lit up the new millennium and a new classic was blown. The shape refers to the first electrical light bulbs by using thick transparent glass. Sofie Refer continues an elegant Nordic tradition, adding her own passion and femininity.

The small irregularities in the mouth blown glass make each of the pendants one of a kind and add the story of the glass master's personal efforts in changing sand, soda and chalk into a modern classic using a thousand year old method.

Materials: clear mouth blown glass with clear PVC or fabric cord, both with porcelain lamp holder and ceiling rose.

Fabric cord available in black. PVC cord in clear PVC.
