

HAL Armchair Wood

Jasper Morrison, 2014

Description

HAL Armchair Wood by [Jasper Morrison](#) for [Vitra](#).

Jasper Morrison has added a new option to the HAL chair family: the HAL Armchair. Based on the HAL seat shell, he developed an organic one-piece shell that takes on a distinctive look of its own with the curved armrests 'growing' out from the sides - while still bearing a clear family resemblance to the rest of the line. The shell construction responds to the physical forces operating on the seat and provides maximum stability and superb comfort with a minimum amount of material.

Non-stackable wooden base in light oak, dark oak or black-pigmented walnut. Connecting element between shell and base in die-cast aluminium, powder-coated in dim grey.

Seat shell in dyed-through polypropylene in a range of colours. See image or downloadable product information for colour samples.

Castors or glides for hard and soft floor.

Optional seat cushion upholstered in Hopsak fabric. See downloadable product information or use the [Vitra configurator](#) for this design to explore options.

Dimensions:
62.5w x 51d x 79cmh

Product code
VIT44019000*

Delivery
Made-to-order: 6-8 weeks

Price
£455.00
