

HAL Armchair Studio

Jasper Morrison, 2014

Description

HAL Armchair Studio by [Jasper Morrison](#) for [Vitra](#).

Jasper Morrison has added a new option to the HAL chair family: the HAL Armchair. Based on the HAL seat shell, he developed an organic one-piece shell that takes on a distinctive look of its own with the curved armrests 'growing' out from the sides - while still bearing a clear family resemblance to the rest of the line. The shell construction responds to the physical forces operating on the seat and provides maximum stability and superb comfort with a minimum amount of material.

Five-star base in die-cast aluminium, powder-coated in basic dark. Swivel mechanism with shock-absorbing seat suspension, height-adjustable.

Seat shell in dyed-through polypropylene in a range of colours. Please see downloadable product information for more details.

Optional seat cushion upholstered in Hopsak fabric. See downloadable product information to explore options.
