

Fiber chair wood

Iskos-Berlin,

Description

Fiber chair wood by [Iskos-Berlin](#) for [Muuto](#).

With a clear sculptural language, the Fiber chair refuses to compromise on comfort. Stripped of all unnecessary layers, the chair is left with a seat, back and armrests all integrated to form one harmonious shell.

The form marries soft curves with an environmentally friendly wood fiber composite which gives a distinctive tactile texture while also keeping it 100% recyclable.

Wood and plastic composite shell with lacquered solid oak wood base. Available in black shell/black base, grey shell/grey base, dusty red shell/dusty red base, natural white shell/oak base, ochre shell/oak base, or dusty green shell/dusty green base.
