

F. Knoll Relax lounge chair

Florence Knoll, 1954

Description

Florence Knoll Relax lounge chair by [Florence Knoll](#) for [Knoll](#).

The Relax collection was initially designed by Florence Knoll for herself and also includes a two-seater and a three-seater sofa.

The Classic version provides a more upright seating whereas the new Relax (here) has a slightly deeper seat and more padded cushions.

The foam embedding the metal frame contributes to this extra comfort.

Metal structure embedded in polyurethane foam.

Exposed metal frame and legs. Heavy gauge tubular steel in polished chrome and painted finish.

Seat suspension with variable density foam. Seat and back cushions with variable density foam welted and button tufted.

Seat and back cushions are 'quilted' with buttons for the version in leather and without buttons for the upholstered version with fabrics.

The KnollStudio logo and Florence Knoll's signature are stamped into base of each frame, to guarantee authenticity.

Upholstery
