

# H stool

Xavier & Jean Pauchard,

## Description

**H stool** by [Xavier & Jean Pauchard](#) for [Tolix](#).

The H indoor stool is designed by Xavier and Jean Pauchard (designer of the Chaise A Tolix chair). Crafted from sheet steel, this classic stool is solid, light and easy to maintain. The stool is also stackable for easy storage.

Xavier Pauchard was an early pioneer of galvanisation in France. In 1927 he registered the trademark Tolix, when he began the production of chairs, stools and metal furniture.

Available in the following finishes: painted (gloss, matt and matt fine-textured), and varnished raw steel.

The matt fine-textured paint improves UV resistance and makes the stool more suited to outdoor use.

Please refer to downloadable PDF for all finish and colour references.

**Note: minimum order of 6 required for this product.**

Available in 5 heights.

Dimensions:

H30 - 32.5w x 32.5d x 28cmh
