

Vigo floor light

David Chipperfield, 2013

Description

Vigo floor light by [David Chipperfield](#) for [Artemide](#).

The Vigo family of lights consists of floor, wall and ceiling variants, all sharing the same elegantly elongated conical glass and metal shade.

Vigo's shade is formed from a cone of black metal held within a cone of transparent blown borosilicate glass with a subtle white band around the rim. A black fabric-covered cord suspends the light from a linear black metal stand.
