

PH 3/2 pendant light

Poul Henningsen,

Description

PH 3/2 pendant light by [Poul Henningsen](#) for [Louis Poulsen](#).

Rooted in a painstaking analysis of the reflective qualities of light, Poul Henningsen's lights are recognised as classics of Danish design which are notable for their innovative glare-free form and uniform illumination.

Henningsen's unique three-shade system is designed to permit 12% of the light generated to contribute to the overall lighting of a room, while the majority of illumination is focused outwards and downwards to cast an atmospheric yet effective glow.

Shades are mouth-blown, three-layer white opal glass which has a gloss finish on the upper side and is sandblasted matt on the inside to give a softly diffuse distribution of light.

The shade fitting is made of extruded brass with two different finishes available: high lustre chrome, black metalised, or brass metalised.

Supplied with 3m black textile cable and ceiling cone. Maximum weight: 1.5kg.

Light source: 1x75W E27 bulb (not included). IP 20 rating.

Dimensions:
29dia x 24.2cmh
