

Panthella floor light

Verner Panton, 1971

Description

Panthella floor light by [Verner Panton](#) for [Louis Poulsen](#).

The Panthella floor light has a hemispherical shade designed to emit a soft and comfortable light while conveying Panton's playful pop sensibility. The flared base acts as a reflector which assists the distribution of light while creating a formal echo of the shade. The resulting design is beautifully balanced as well as efficient.

The shade is formed of white opal injection-moulded acrylic. Stands on a base of white injection-moulded ABS with a white powder-coated steel stem.

2.7m cable is plastic cord with a plug and an on/off switch located on the cord. Maximum weight: 5kg.

Light source: 1x 70W E27 bulb (not included). IP 20 rating.

Also available as a [table light](#) in white and [multicoloured](#) options; see 'More products in this range' below

Dimensions:
Shade: 50cm diameter.
Height: 130.5cm

Base: 34.5cm diameter.
