

PH 3/2 wall light

Poul Henningsen, 1958

Description

PH 3/2 wall light by [Poul Henningsen](#) for [Louis Poulsen](#).

Rooted in a painstaking analysis of the reflective qualities of light, Poul Henningsen's lights are recognised as classics of Danish design, notable for their innovative glare-free form and uniform illumination.

The 3/2 Academy wall features Henningsen's unique three-shade system, designed to permit 12% of the light generated to contribute to the overall lighting of a room, with the majority of illumination focused outwards and downwards to cast an atmospheric yet effective glow.

Shades are mouth-blown, three-layer white opal glass which has a gloss finish on the upper side and is sandblasted matt on the inside to give a softly diffuse distribution of light.

Frame and suspension rod are extruded brass with a high lustre chrome plating.

2.9m cable running from wall plate. On/off switch located on wall plate.

Light source: 1x40W E14 bulb (not included). IP 20 rating.

Dimensions:

29w x 36.7d x 23.5cmh

Shade: 29cm diameter

Wall plate: 14cm diameter
