

Standard Panton chair

Verner Panton, 1999

Description

Standard Panton chair by [Verner Panton](#) for [Vitra](#).

Because of technical progress in plastics processing, the Panton Chair has been through a number of production phases since its original launch. The last version of the chair authorised by Verner Panton was produced in collaboration with the designer at the end of the 1990s. This model realised one of Panton's fundamental objectives for the first time: a plastic chair as an inexpensive industrial product.

Polypropylene, dyed through, matt surface. Available in basic dark, white, ice grey, tangerine, classic red, chartreuse.

Suitable for outdoor use. Please note: although special additives retard the fading of colours caused by UV radiation, the colour may change over time. We recommend limiting exposure to direct sunlight.

Quickship: white 2-3 weeks delivery time.

View 'More in this range' for Panton Chair Classic with a gloss lacquer finish.

Dimensions
50w x 61d x 83cmh
