

Meteorite table lamp

Pio and Tito Toso, 2014

Description

Meteorite table lamp by [Pio and Tito Toso](#) for [Artemide](#).

Artistic glass table lamp on a flat base. Provides a softly diffused warm light.

The shade, made of double layered blown glass, has a pockmarked surface akin to that of a meteorite. This is achieved through a 'stampo a fermo', a unique mould-blowing technique, and grinding.
