

# Horn child's spoon

## Description

**Horn child's spoon** by [Abbeyhorn](#).

Abbeyhorn celebrates British craftsmanship using raw materials, sourced ethically from renewable resources. The majority of their products are biodegradable and/or recyclable, ensuring a truly ecological product.

The Horn child's spoon is small, smooth, and perfectly suited to a child's needs. Spoons made of horn were traditionally given to children as teething toys to chew on and are considered kinder to gums and growing milk teeth than metal cutlery.

For use as a breakfast spoon or in school lunchboxes, each spoon is carved from horn and has a truly unique natural pattern.

Please note that horn items are to be handwashed only, and are not suitable to be placed in the microwave or dishwasher.

## Dimensions

3.5 x 15cm

## Product code

AHORN-CS

## Delivery

3-5 working days

## Price

£13.75
