

Spine Barstool

Space Copenhagen , 2011

Description

Spine bar stool by [Space Copenhagen](#) for [Fredericia](#).

In recent years, a number of dazzling Copenhagen restaurants has put Nordic cuisine on the gastronomic world map. Yet our gratitude to these metropolitan restaurants has nothing to do with food.

In connection with a number of interior design assignments for Michelin restaurants in Copenhagen, Space Copenhagen developed what eventually became the Spine series. Their first creation was a lounge chair, soon followed by a dining chair, dining table, bar stool, lounge sofa, and two coffee tables.

In line with several of these successful restaurants, Spine is anchored in Nordic tradition, but with an innovative, personal twist. The simple lines are classically Scandinavian, while the unorthodox details give the furniture a striking new expression. Despite the contrasting elements, the top and bottom still merge into an entity that is quite unique.

Space Copenhagen has indulged in quality materials that are handcrafted and give the series an authority that is striking and tangible. Available in black lacquered oak, standard lacquered oak, or smoked lacquered oak.

The Spine barstool can be upholstered in a wide range of fabrics and leathers selected by Fredericia from upholstery specialists including [Kvadrat](#), [Gabriel](#), [Camira](#), [C. Olesen](#), [Danish Art Weaving](#), [Osborn & Little](#), and [Rubelli](#).

Please note: fabric swatches shown in the downloadable pdf show only one example from each fabric family, eg: Kvadrat Remix 2, Gabriel Breeze Fusion etc. Please consult pdf for specific fabric types and their corresponding price group.

Sample images can be viewed by following the above links to the fabric manufacturer's website. Sample fabric can be viewed at our showroom and shop

Dimensions

45w x 51d x 74/104cmh

Product code

FRE-173*

Delivery

Made-to-order: 8-10 weeks

Price

£1,153.00
