

String magazine wire shelf

Nisse Strinning, 1949

Description

String System metal wire magazine shelf, part of the String System shelving system by [Nisse Strinning](#) for [String](#).

The metal magazine shelf is available in black, grey or white finish and must be combined with 30cm deep wall panels.

The String System is a robust and versatile shelving system offering different shelves depths, which can be combined and enriched with separate filing or display cabinets, magazine racks, table, drawers, desk, etc. modules.

The String shelving system offers endless combinations suitable for any room and usage, please see 'More products in this range' below, and [use the building tool to design your ideal configuration](#). Please visit the String [inspiration page](#) for more ideas.

Once you are happy with the result, email the pdf to your email address and order the quantities as listed on your document.

If you need any help or advice with this highly flexible system, please contact us. You will also find a price list of the full String range available to download in 'Product downloads'.

To avoid flex on the 78cm shelf, we recommend a maximum load of 20kg spread evenly.

Dimensions:
78w x 30d x 15cmh, supplied in 1/pack
