

Clam pendant light

, 2016

Description

Clam pendant light by **Daniel Schofield** for [Decode](#).

The Clam pendant light is formed of two Opal acrylic hemispheres which, when clipped together with sold metal clips, form an iconic sphere with shoulder detail.

Designed with the environment in mind, this demountable design creates a hollow form fifty times greater than its raw material, thereby reducing its shipping volume by eighty four percent.

Two hemispherical shades in white opal acrylic. Shoulder clips in solid brass or stainless steel. Plastic conical canopy.

Supplied with 3 metre black cable.

Available in large and small sizes.

Also available in cluster formation of 3 and 6 lights: please enquire for details.

Dimensions:

Clam mini: 20cm diameter

Clam standard: 31cm diameter

300cm drop height as standard.

Bulb:

E27 ES (A60 LED) Max 14W
