

VGP pendant light

Ed Carpenter, 2015

Description

VGP pendant light by **Ed Carpenter** for [Decode](#).

The VGP pendant light draws inspiration from the efficient simplicity of early industrial lighting. Made from two separate parts in spun anodized aluminium, the shade is both light and naturally reflective. This process also allows for a contrasting interior and exterior.

Available in three different colourways: black shade with brass interior, brass shade with brass interior, copper shade with natural aluminium interior.
