

# CH53 stool

Hans Wegner, 1966

## Description

**CH53 stool** by [Hans Wegner](#) for [Carl Hansen](#)

The CH53 stool was designed by Hans Wegner in 1966 and it clearly demonstrates Wegner's passion for craftsmanship and everyday functionality.

The CH53 stool can be used on its own, in groups or paired with one of Wegner's classic solid wood lounge chairs like the [CH44 chair](#). With a solid wood frame and a durable hand-woven paper cord seat, the CH53 stool offers a wide range of options and will last for generations.

Available in two seat heights, the solid wood frame of the CH53 stool is available in beech (soaped, clear lacquered, oiled or lacquered in CHS colours) or oak (soaped, clear lacquered, oiled, white oiled or lacquered black). The paper cord seat is available in natural or black. Please see pdf in 'Product downloads' to see the different wood finishes and how to care for them. Material samples available to view at our shop and showroom.
