

Kaufmann table

Finn Juhl,

Description

Kaufmann table by [Finn Juhl](#) for [House of Finn Juhl](#).

The Kaufmann table was designed by Finn Juhl for his private residence in 1945, and is an especially exquisite piece of furniture. With a mix of solid woods, Juhl creates a subtle colour difference between the table top and frame, giving the impression of a floating surface.

Frame in solid oak with a brass-topped footrest. Table top in walnut or teak veneer with solid edges. Feet in walnut.

Wood samples are available to view at our shop and showroom. Please enquire for details.

Dimensions:
202w x 94d x 71.5cmh
