

5008 outdoor chair

Description

5008 outdoor chair by [Adico](#).

Founded in 1920, Adico became one of Europe's largest metal furniture companies in Europe and today is one of the oldest companies in the industry. Rediscovering classic designs from the 1920's and 30's, Adico were inspired to put the pieces back into production nearly 100 years later. With careful manufacture, the Classics Collection stays true to the original forms, angles, components and materials.

The 5008 stackable chair is a classic and renowned design of furniture, equally suited to indoor and outdoor use. Synonymous with Portuguese cafe culture, the 5008 chair can be found on most of Lisbon's esplanades.

The chair features a tubular steel frame and gently arced steel backrest finished in epoxy paint in a range of colours.

The seat is available in steel with matching epoxy paint finish, maritime okoumé plywood, or slatted wood with a maritime finish.

Please note that the minimum order quantity for this design is 4 chairs.

Dimensions:
54.5w x 66.5d x 76cmh
