

# Soft Modular three-seat sofa

Jasper Morrison, 2016

## Description

**Soft Modular three-seat sofa** by [Jasper Morrison](#) for [Vitra](#).

Modular sofa which combines pure proportions with great comfort. Designed by Jasper Morrison in 2016, the Soft Modular Sofa is Jasper Morrison's interpretation of the style of sofa that has become a modern classic: the low-slung modular sofa with a horizontal emphasis. In line with Jasper Morrison's philosophy of 'super normal' design, the Soft Modular Sofa marries great comfort with considered proportions and expressive clarity.

The modular design of the Soft Modular Sofa allows it to function as an architectural element that can be integrated into any interior. The range consists of a two-seat and three-seat sofa, side, corner, and central elements as well as a chaise long; the Soft Modular Sofa can be customised to suit a wide range of requirements.

The Soft Modular sofa has a seat made from steel frame, wood construction with steel springs, polyurethane foam structure and visco cover. Arm and backrests made of wood construction with polyurethane foam structure and chamber cushion overlay (filling made of polyurethane foam rods and polyester fibres).

Removable covers in the following fabrics and leathers of the Vitra collection: Olimpo, Volo, Cosy, Dumet, Iroko, Linha, Tress, Credo, Moss, Leather, Leather Premium. Click [here](#) to see grades and colours available. Material samples available to view at our shop and showroom

Pricing example is for **two lateral elements and one central part** that form a **three-seat sofa**, as seen on main image. Please see pdfs in 'Product downloads' to see all elements in the Soft Modular range, or enquire for details.

Dimensions:  
330w x 98d x 38/64.5cmh
