

Jepp Utzon extending table

Jepp Utzon, 2017

Description

Jeppe Utzon extendable table by [Jeppe Utzon](#) for [DK3](#).

Jeppe Utzon's eponymous table for DK3 is designed to showcase the natural character of the wood from which it is crafted, with a distinctive corner detail articulating the junction of table top and table legs.

Leaves to extend the table at either end may be used singly or in pairs, offering a significant degree of flexibility.

A steel cable system beneath the table ensures the stability of the frame and can be tightened with an ordinary wrench to maintain stability over the years.

Available in wild oak (oiled and white oiled finishes) or walnut (oiled finish only).

Legs are made of solid wood, while the table top is formed from linear planks of whichever wood is selected. Additional extension leaves are matched to the wood type chosen, although some variation may occur in colour and grain.

Available in six lengths, from 160cm to 300cm.

Prices given are for a 95cm deep table top. A 100cm deep table is also available; please enquire for details.

Dimensions:

160/180/200/240/270/300x 95d x 72cmh

Leaf: 50w x 95cmd
