

Perch wall light

Umut Yamac, 2016

Description

Perch wall light by [Umut Yamac](#) for [Moooi](#).

Inspired by nature, this characterful and striking wall lamp features a bird perched on a branch. By the touch of a hand or a slight breeze, the bird is set into graceful motion, gently swinging forward and back.

Reminiscent of origami forms, the Perch wall lamp features a white body with elegant brass coloured detailing. A charming addition to any space, this sculptural wall light emits a warm glow when lit.

The Perch wall lamp is available as a wall recessed light with concealed wiring or wall mounted light with black cable.

Available in small or large.

View the entire Perch family of lights [here](#), or in 'More products in this range' below.
